CRUISE MASTER TPC

WITHOUT LIMITS

TOWING PERFORMANCE CENTRE

The Cruisemaster service centre has evolved...
Introducing the Cruisemaster Towing Performance
Centre (TPC).

For years the Cruisemaster Service Centre has been
the trusted source for caravan, camper and trailer
underbody servicing, repairs and maintenance.
Offering everything from suspension servicing
through to complete suspension retrofits and ATM
upgrades.

We are excited to announce the expansion of
our service centre to the Cruisemaster Towing
Performance Centre (TPC). This new look addition to
the Cruisemaster stable will not only offer market
leading caravan, camper and trailer services but
also tow vehicle performance modifications.

Cruisemaster has been doing in house
modifications for as long as they have been doing
real world testing. Over these years Cruisemaster
has built trusted relationships with these products;
knowing they have worked for us we are now
offering them to you.
