

**CUSTOMER INFORMATION SHEET – NO. 27**

**ELECTRIC BRAKE COMPARISON**

Vehicle Components offer two electric brakes – DEXTER and AL-KO, both available in 10” and 12” diameters. Options such as Marinised Coating, Bowden Cables and Flush Points are only available on DEXTER.

**Stability Control**

All brakes below are stability control compatible and can be used with AL-KO ESC or DEXTER DSC.

The table is a comparison summary of the brakes.

			
	DEXTER	AL-KO Off Road	AL-KO On Road
